## **CIT Relay & Switch Introduces New 16A UL-Approved Anti-Vandal Switches**

**Minneapolis, Minnesota** – CIT Relay & Switch is launching the new DHU Series of UL-approved anti-vandal pushbutton switches, rated at 16A. Available in 25mm, and 30mm sizes, the DHU Series offers both ring and dot illumination as well as non-illuminated options.

Design options include stainless steel or anodized aluminum housings and actuators in black, green, red, blue, or yellow. Bi-color illumination and multiple actuator styles provide engineers with flexible design solutions.

Typical lead time is 6–8 weeks.

**Contact CIT Relay & Switch for samples and a custom quote to fit your anti-vandal switch requirements.**

CIT Relay & Switch manufactures a comprehensive range of **electromechanical relays, solid-state relays, and electromechanical switches** for a variety of industries, including **automotive, telecom, security, industrial, audio, medical, consumer electronics, transportation, and instrumentation**. Available in thru-hole, panel mount, and surface mount configurations, our products are backed by a global network of distributors and sales representatives, ensuring reliable support and delivery worldwide.
