## CIT Relay & Switch Introduces ME Series IP67 Sealed Tactile Switch

**Minneapolis, Minnesota** – CIT Relay & Switch announces the ME Series, a compact, IP67-rated tactile switch designed for durability and versatility. Available in both through-hole and surface mount configurations, the ME Series features a 350gF actuation force and **one-piece sealed construction**.

Built with a PA6T polyimide actuator and housing, a silver-plated stainless steel dome contact, and a silicone rubber internal seal, the ME Series ensures reliable performance in harsh environments. Standard actuator color is black; custom colors available upon request.

Lead time is typically 4–6 weeks.

**Contact CIT Relay & Switch for samples and a quote tailored to your sealed tactile switch needs.**

CIT Relay & Switch manufactures a comprehensive range of **electromechanical relays, solid-state relays, and electromechanical switches** for a variety of industries, including **automotive, telecom, security, industrial, audio, medical, consumer electronics, transportation, and instrumentation**. Available in thru-hole, panel mount, and surface mount configurations, our products are backed by a global network of distributors and sales representatives, ensuring reliable support and delivery worldwide.
