## CIT Relay & Switch Introduces UL & TÜV Approved VM3 Series Snap-Action Switch

CIT Relay & Switch now offers the **VM3 Series Snap-Action Switch**, **UL and TÜV approved** for trusted performance. Available with 0.187" or 0.250" terminals, the VM3 supports **SPST NO, SPST NC, or SPDT** functions with operating forces from **80gF to 180gF**. Actuator options include pin plunger, roller lever, hinge lever, and simulated roller.

Ideal for **lighting, security, industrial automation, gaming**, and more, the VM3 is highly **customizable** to meet a wide range of application needs.

Explore our full snap-action switch lineup, including the **miniature SM3 Series** and the **upcoming sub-miniature series**.

**Lead times average 6–8 weeks. Volume pricing varies by configuration.**

Contact CIT for samples, quotes, and engineering support.

CIT Relay & Switch manufactures a comprehensive range of **electromechanical relays, solid-state relays, and electromechanical switches** for a variety of industries, including **automotive, telecom, security, industrial, audio, medical, consumer electronics, transportation, and instrumentation**. Available in thru-hole, panel mount, and surface mount configurations, our products are backed by a global network of distributors and sales representatives, ensuring reliable support and delivery worldwide.
